### Authorization

If tranquilizer is necessary for treatment or handling, I give my permission to North Cobb Animal Clinic to administer such medication. All animals entering the hospital must have proof of up-to-date vaccinations (distemper series, rabies, kennel cough, etc.) or they will be administered upon entry, at the owner's expense. I give authorization to do whatever is necessary should an emergency arise. Payment is required when pet is released. Upon admission, all pets will be checked for fleas and ticks. If necessary, they will be bathed and dipped at that time, at the owner's expense. If you wish, pets will be bathed on the day of discharge at half price. Pets are released only during regular office hours. Monday through Friday 8am-6pm. Saturday 8am-1pm. I have read and agree with the above instructions.
